TRAINING ACADEMY

Forklift Safety (Narrow Aisle or Counterbalance)

Overview

This program will provide students with the fundamental knowledge and practical skills of operating lift trucks (narrow aisle or counterbalance). This program meets and exceeds the local regulations and industry standards.

Content

- Regulations
- Hazard assessment
- Pre-use inspections
- Equipment stability
- Operating principles
- Refueling
- Battery care

Format

The program is a combination of theory and practical training. Students are evaluated by means of a written test and a practical evaluation on the equipment. Upon successful completion of the program, a certificate will be issued.

Duration

1 day

Location

Training is delivered at the Hercules Training Academy or can also be delivered on-site.

Required PPE

CSA approved safety boots, safety glasses

Note: Please provide selected equipment for the practical training when delivered on-site.
